No. 54.

WILL DISCUSS POWER PROPOSITION TODAY

PROPOSITION TODAY

Commissioners and Public Works Committee Will Dissect Edmonton Heat & Power Company's Proposition at

Special Meeting This Afternoon

Definite action will be taken this afternoon in respect to the offer of the Electric Light and Power company to supply the city with 10,000 horsepower from the plant which they propose to construct in the Rapids on the Saskatchewan river, or to sell the company's rights. A meeting will be held in the city hall at 2 o'clock, between the commissioners and the public works committee, who will be represented by Mr. W. Exar, with a view to arriving at some definite understanding as to the terms of the offer. The company has offered rights at Rooky Rapids which may be extended over a period of 80 years. The city engineer, Mr. M. M. Chapman of the public works committee, expressed the opinion that the time had now come when the city should definitely decide what course to pursue in regard to the offer. At the previous afternoon's meeting, he said, this question should be placed upon some satisfactory basis.

This company could not develop its power to advantage without selling to the city.

"We have the necessary legislation," said he, "to construct works within the city limits, which will utilize the power developed. That is our main reason for asking the city council to come to an immediate decision, our future plans will hinge upon the decision of the council, and while we are by no means sure that we will be able to obtain a final out where we stand, in order that the construction of our works may not be delayed."

We intend, however, to meet the city's wishes in every possible way. That is, we will be prepared to enter either to purchase power form us under a contract, to purchase our rights, or to sell them to the city. The question which we have already arranged to discuss is, whether the city should purchase the rights, or whether it should purchase the power. In the latter, it is the question that we would like the city to gain a better understanding of."

Industrious basis. The Commission was instructed by the council to arrive at a satisfactory arrangement with the company, and the fundamentals of this agreement will be settled in all probability today.

M. W. Ecker, solicitor for the Ed-

monition Heat and Power company, in an interview with the Capital this morning, declared that the notion that

WAS WILLING TO ABANDON HIS LAND Friend Was Willing to Take It Over But Local Dominion Land Agent Objected. A neat little game in land trading

A new twelve-inch water main, designed to serve the Magrath-Holgate area, was scheduled to be installed. An adequate water service, will probably be laid by the engineer's department in the near future. A public works conference was held in the council chamber this morning between the council and the city engineer, Mr. J. M. McGrath, representative of the city, and Mr. W. J. McGrath, representative of the Magrath-Holgate area. After the application of Mr. McGrath had been discussed in detail it was decided to refer the matter to the city engineer, the city engineer, the wa-

Mr. McKenzie, who overheard the applicants, turned to them and stated:

the basis of an agreement between the city and the company. Therefore this committee is that the work be carried out by the city, the company contributing the whole of the liability. The company will be responsible for the payment of the charges on the debentures issued for the construction of the main. If, at any future date, the city desires to make use of the debentures for the purpose of general supply, the company will be credited with the revenue derived from

conspiracy at all. Yet the whole proposition comes without the least of the

This very game is attempted many times all over the west, at every landing counter in the country. There are very few of them that succeed, if a man cancels his hoped, it is immediately the duty of the land agent to make use of the opportunity instead as open upon a certain date, thus placing all applicants on an equal footing.

CITY TO AID RUTHENIAN

The city of Edmonton will aid Iloiloa Kyrkyk, a Ruthenian, slowly dying of consumption, to reach his home in far away Galicia, before he

General agreement with Dr. Jamie-

son's conclusions was expressed by the medical men present, who admitted that the need existed for a dental examination of school children's teeth by a specialist in the dental profession.

At the meeting of the Central Alberta Medical Association in the council chamber last evening, Dr. McKidd of Calgary, president of the Alberta Medical Association, stated that, "The

association would hold its annual meeting in Edmonton, during Exhibition

liarists.

GIGANTIC EXHIBITION OF THE EMPIRE'S RESOURCES

WILL BE HELD AT CRYSTAL PALACE DURING CORONATION FESTIVITIES—ACTIVITIES OF THE EMPIRE WILL BE REPRODUCED.

London, Feb. 16.—The Crystal Palace has for its most ideal a Londoner who has turned into a great meeting place of Empire this year, and by the time the coronation takes place, the famous Sydenham resort will be sprinkled with handsome palaces of the Empire and will be the scene of a national pageantry such as this country has never witnessed.

The Festival of Empire at Crystal Palace has for its most ideal a Londoner who has turned into a great meeting place of Empire this year, and by the time the coronation takes place, the famous Sydenham resort will be sprinkled with handsome palaces of the Empire and will be the scene of a national pageantry such as this country has never witnessed.

Mr. Frank Lascelles, one of the chief organizers of the festival, described some of its features, and indicated its scope. "This is to be a national event," he said, "and the British government is giving its patronage. The last occasion on which the government gave its patronage to anything of the kind was on the occasion of the great exhibition of 1851."

"The various governments of the Empire are taking part and most of them are erecting replicas of their houses of parliament. For instance, the representation of the parliament buildings at Ottawa will cost the Canadian government \$350,000. South Africa, Newfoundland, Australia, New Zealand and India will each have their buildings representing exactly what may be found in the respective countries."

"The conditions of life, the romance and the adventure in each part of the world will be reproduced and the exhibits will not necessarily be in the shapes of rows of articles on shelves. A person enters one part of the grounds and notices a huge stack of Australian wool, and the next thing he is aware of is that he is seeing the process which produces the wool. He suddenly comes upon a vivid tableau, an Australian scene, with real men shearing real sheep in the midst of surroundings which will interest the Londoner and might lift the Australian back to his homestead thousands of miles away."

"From the Grand Parade the visitor will be able to step to an electric railway which will, so to speak, give him a trip around the British Empire for sixpence. A penny will take him to Newfoundland with its fisheries and

its huge paper works, and he will go on to other strange and interesting scenes. The train journeys and real scenes and there will be men at work just as they would be in the countries represented. To indicate the reality of the festival, I may mention that the Heers are lending us hundreds of thousands of pounds' worth of real diamonds. It should be added that the Crystal Palace itself will become an all-British exhibition displaying things from various parts of the world."

There are to be weekly theatrical performances, in which the best actors of this country, including Sir Herbert Tree, Sir Charles Wyndham, Mr. George Alexander, Mr. Cyril Maude, and Mr. Boucicault will take part. Each week there will also be a concert given by a state, Australia one week, South Africa another week and so on, and thus will provide the opportunity for patriotic songs."

RELIGIOUS CONVENTION

Providence, R.I., Feb. 16.—Church leaders representing many denominations are gathering in Providence for the eighth general convention of the Religious Education Association, which will begin tomorrow. Bishop Lawrence of Massachusetts, Dr. Charles W. Eliot of Harvard, Dr. Lyman Abbott of New York, Miss Jane Addams of Chicago and many other men and women of national prominence will address the gathering.

HARDWARE DEALERS MEET

Houston, Texas, Feb. 16.—Prominent retail hardware dealers from every section of Texas were on hand today at the opening of the annual convention of their state association. Mayor Rice extended a cordial greeting to the visitors and President Charles B. Smith delivered his annual address. A session was held this afternoon, the time being devoted to an inspection of the large exhibition of hardware goods that is being held in connection with the gathering. The regular sessions will be resumed tomorrow and will conclude Thursday.

LUTHERAN COLLEGE AT MELVILLE, SASKATCHEWAN

Winnipeg, Feb. 16.—The general assembly of the Lutheran Church for Western Canada unanimously decided today that the Lutheran college shall be situated at Melville, Sask. This is for the three prairie provinces.

PEARY BRANDED AS A FAKE HERO

Congressman Declares American Arctic Club Seeks to Coax Congress to Action

Washington, Feb. 16.—A bitter denunciation of Captain Robert E. Peary as a "fake hero," who by means of an impossible tale seeks recognition by congress "for alleged discovery" of the North Pole was given to the house of representatives today by Congressman Macon, (Democrat, Arkansas) speaking in opposition to the bill reported by the committee on naval affairs retiring the explorer as a re-appointing and granting him the thanks of congress.

Macon's speech abounded in acrimonious criticism and sarcasm. He prefaced his remarks by hot shot at newspaper editors who have made fun of his opposition to Peary.

"There are many thousands of human beings who think just as I do about this matter," said Macon. "Because I would not accept the unsupportable evidence of Peary and allow great honors to be heaped upon him without corroboration, some of the papers of the country, like the New York Times and the New York Post, that are edited by pea-eyed pin-headed and stupid tongue-tied individuals, have been trying to persuade the public to believe that I am alone in the position I have taken. But, sir, if they could read the vast number of petitions, letters and newspaper clippings I have received from every quarter of nearly every state, the list of names would change their own minds about the matter, if there is strength enough left in them to change."

"Peary roamed the fields of the north like a dog, and he was a fat trader while the people were paying him a fat salary for 23 years," Macon continued. The Arkansas member declared that his story of reaching the Pole was "wonderful, to put it mildly," and compared it with a piece of fiction where some imaginative writer made the Pole the scene of a monarchy.

"I also remember to have read a novel written in the first person where he was a bombastic upstart and braggart who never knew defeat or met an equal," Macon said. "The self exalted, the self puffed acts of the self opinionated hero of that book does not in any way or in any degree exceed the self told deeds of the wonderful hero who penned the narrative of the North Pole."

Commenting upon heroes in general and fake heroes in particular, Macon said: "San Juan Hill had one of these for a time, but upon investigation it was

shown that he would have been a Spanish prisoner instead of an American hero if it had not been for the intervention of hero troops.

Less than a year ago a congering hero of birds and beasts marched for them from the jungle of Africa and across the European continent with majestic tread. Finally he landed on our shores, where he was met by thousands of hero worshippers who received him as an eagle-eyed conqueror. It was not many months before he was a "fake hero" and he was put into the hands of the law. He was not a hero, but a fake hero, and he was put into the hands of the law. He was not a hero, but a fake hero, and he was put into the hands of the law.

NEGRO MUST DIE IN ELECTRIC CHAIR

Will Pay Penalty for Murder of Three Persons in December Last

Raleigh, N.C., Feb. 16.—The authorities at the state penitentiary here have completed all arrangements for the electrocution of Nathan Bonaguid, the negro recently convicted in Granville county of the murder of Layton Sanders, his daughter and grandchild. The triple murder was committed on the night of December 18 last. To hide the evidences of his crime the murderer set fire to the Sanders home and the bodies of his victims were buried in a crypt. The blood stained shirt and purse were found in the possession of Bonaguid. Immediately after his arrest he was hurried to the state prison here to await execution at the hands of the gallows. Three weeks ago he was returned to Oxford for trial and was convicted by the jury after eight minutes' deliberation. Tomorrow is the day fixed for his electrocution.

PROMINENT P. E. I. MAN DEAD

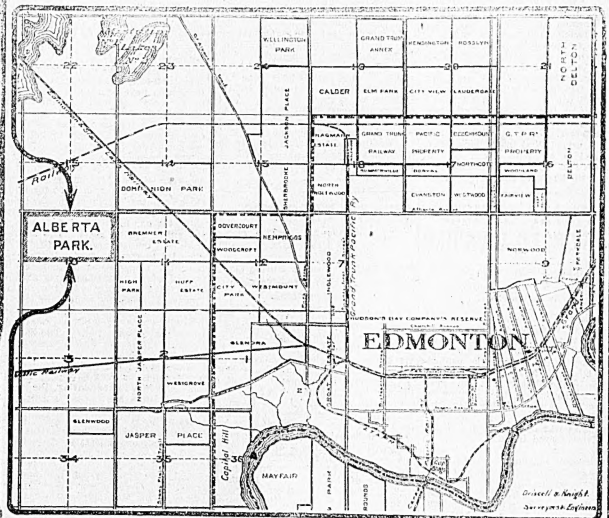

William Laird, Formerly Member for Queens, Dies at Age of Seventy-Six Years.

Charlottetown, P.E.I., Feb. 16.—Wm. Laird, formerly representative of the second district in Queens legislature, died yesterday, aged seventy-six, on his farm in New Glasgow, Queens county. He took ill a month ago and resigned his seat. Laird represented the district in Liberal interests since 1908 and was a brother of Hon. David Laird of Ottawa, formerly governor of the Northwest and subsequently Indian commissioner and of Rev. Robert Laird, Kingston, Ontario. He came of a family of very prominent men in the political and religious life of the country.

Alberta Park Acreage

Is selling rapidly during the fine weather. If you want to be among those who get in on this property at ground floor prices you should

BUY AT ONCE

NOTE THE LOCATION

A month from now you will not have much choice in this Subdivision. The low price and attractiveness of the terms constitute inducements which are causing the blocks to sell very rapidly.

No other property within the same distance of the corner of Jasper and First can be purchased at anything like the price. Every block laid out in a plan which provides for re-subdivision into lots at a minimum cost.

FIVE ACRE BLOCKS
\$250 per Acre and Up

TERMS—One Quarter Cash; Balance, Six, Twelve and Eighteen Months

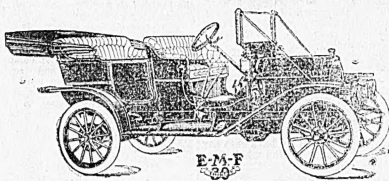

York & McNamara
Telephone 1850 44 Jasper West

Quality at Quantity Prices

1911 MODELS REDUCED IN COST

THE ENORMOUS OUTPUT OF THE FAMOUS E-M-F AND FLANDERS CARS HAS SO GROWN AND HAS BEEN SO SCIENTIFICALLY SYSTEMATIZED THAT WE ARE ABLE TO REDUCE THE PRICE OF OUR CARS BY \$150.00 AND STILL ADD TO THE QUALITY AND FINE POINTS OF OUR CARS. WE EMPLOY 12,500 MEN—THEY ARE THE PICK OF THE TRADE—OUR CAPACITY IS 60,000 CARS PER ANNUM.

E-M-F-"30" \$1350.00

Five Passenger Touring

RUNABOUT—Standard type but having large deck at rear, enclosed seven and one-half inches high for carrying trunks, samples or other articles. An ideal and a practical utility vehicle and without handsome in appearance.

SUBURBAN—A term peculiarly applicable to a natty four-passenger car without doors. The extra pair of seats are removable and otherwise the body is exactly the same as Runabout. Body is of stamped steel throughout—indestructible, light, stronger and permits of baked enamel finish which is also practically indestructible. Our plant for making these bodies is the best equipped steel stamping plant in America and the presses are the best; that which at one stroke stamps the side panels is of 2,500 tons capacity.

RACY ROADSTER—A classy two-passenger roadster, with gasoline tank exposed at rear of seats. Large receptacle under seats and another under rear deck.

PRICE—Runabout, seating two, \$850 f. o. b. factory Walkerville, Ont. Suburban seating four, with rear seats removable \$1,000 f. o. b. factory Walkerville, Ont.

EQUIPMENT—Following the standards set by E-M-F Co. and based on the contention that no car is complete without a first-class reliable source of ignition and all kind of standard equipment of Flanders "20" consists of Splitdorf magnet; 2 side oil lamps; 1 oil tail lamp; 2 acetylene head lights and acetylene generator, and good tubular horn.

In short you get for the advertised price, a complete automobile all ready, when tanks are filled with oil, water or gasoline, for a 300 mile trip by day or by night.

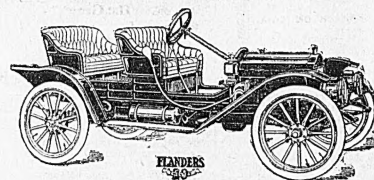

Every E-M-F "30" owner maintains that he has the best motor ever put into an automobile. But they're all alike to the thousandth of an inch in size and the decimal division of an ounce in power. They have to be; it's in the way we make them.

The transmission is the same standard article, developed a bit, perhaps by the progress of the heat-treating methods employed in our shops on the gears. Transmission trouble in an E-M-F "30" is never heard of.

The control is standard; the frame is the same of engineering skill, the lubrication and cooling systems were right in our first models and are still unequalled in simplicity and satisfactory service.

We have made the E-M-F "30" the most popular car of the most popular touring type and we are going to continue to manufacture it along the same lines indefinitely. With the addition of new plants for body and top making we are guaranteeing the car and its equipment for a year, instead of 90 days. And we are doing it all for \$1,350 instead of the \$1,500 which we have received for the car in the past. But it's the same E-M-F "30" in careful workmanship, systematic manufacture and scrupulous choice of materials, that it always was.

Flanders "20" \$950.00

Runabout With Rear Seat Attached

The E-M-F "20" meets all the requirements of the touring world. Let us give you a demonstration. These cars laugh at any hills about Edmonton, and there are some pretty steep ones.

GIGANTIC EXHIBITION OF THE EMPIRE'S RESOURCES

WILL BE HELD AT CRYSTAL PALACE DURING CORONATION FESTIVITIES—ACTIVITIES OF THE EMPIRE WILL BE REPRODUCED.

London, Feb. 16.—The Crystal Palace with its 250 acres of grounds is to be turned into a great meeting place of Empire this year, and by the time the coronation takes place, the famous Sydenham resort will be spangled with handsome palaces of the Empire and will be the scene of a national pageantry such as this country has never witnessed.

The Festival of Empire at Crystal Palace has for its root idea a London-at-home, for the people of the Empire who are visiting London during the coronation. But side by side with this project there are plans for a display which will bring home to all the romance of British history, the resources of the different parts of the Empire, and the wonderful life which binds us all together.

Mr. Frank Lascelles, one of the chief organizers of the festival, described some of its features, and indicated its scope. "This is to be a national event," he said, "and the British government is giving its patronage. The first occasion on which the government gave its countenance to anything of the kind was on the occasion of the great exhibition of 1851."

"The various governments of the Empire are taking part and if they are erecting replicas of their houses of parliament. For instance, the representation of the parliament buildings at Ottawa will cost the Canadian government \$350,000. South Africa, Newfoundland, Australia, New Zealand and India will each have their buildings representing exactly what may be found in the respective countries."

"The conditions of life, the romance and the adventure in each part will be reproduced and the most necessary be in the shapes of rows of articles on shelves. A person enters one part of the grounds and notices a huge stock of Australian wool, and the next thing he is aware of is that he is seeing the process which produces the wool. He suddenly comes upon a vivid tableau, an Australian scene, with real men shearing real sheep in the midst of surroundings which will interest the Londoner and might lift the Australian back to his homestead thousands of miles away."

TO HONOR DR. FOLWELL

Washington, D. C., Feb. 16.—The Washington alumni of the University of Minnesota will have as the guest of honor at their annual banquet at the Sherman tomorrow night Dr. William Watts Folwell, who was the first president of the university. Dr. Folwell served as president of the institution from 1869 to 1881. Later he became professor of political science in the university and upon retiring in 1907 was made professor emeritus.

PROGRESSIVE BATTLEFIELD.

Battlefield, Feb. 16.—At the last regular meeting of the town council the question of erecting a new town hall will be taken up. It is also probable that the councillors will decide to submit a by-law to the ratepayers which will provide for the installation of a sewer and water system.

Chinese Trade Appented.

Peking, Feb. 15.—Recent trade depression in China has been caused by rumors that quotas were to be discarded and the national costume changed, according to a memorial from the Chinese Board of Agriculture, Industry and Commerce.

Palpitation of The Heart.

When the heart begins to beat irregularly or intermittently, palpitate and throbs, skip beats, beats fast for a time, then go slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it. Many people are kept in a state of morbid fear of death, become weak, worn and miserable, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills can give prompt and permanent relief.

Mr. John Thompson, Mill Cove, N.B., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart, would have severe choking spells, and could scarcely be down at all. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all suffering with heart and nerve trouble."

Milburn's Heart and Nerve Pills are 50c. per box or 3 boxes for \$1.25 at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BANK MANAGER THE

QUEST OF HONOR

W. F. Ross, Innisfree, Banqueted by Innisfree Business Men — Is Transferred to Kamack.

Innisfree, Feb. 16.—One of the largest and most influential gatherings of business men ever convened in Innisfree, met at the Alberta Hotel on Wednesday evening, February 16th, for the purpose of banqueting W. F. J. Ross, manager of the Canadian Bank of Commerce at this place, who is shortly to sever his connection with the branch here, having been promoted to the branch at Kamack, Sask.

After a sumptuous repast, the chairman of the evening, Mr. J. J. Montgomery, gave an appropriate address, and at the same time presented Mr. Ross with a handsome travelling suitcase, as a token of the appreciation in which Mr. Ross was held by his many friends in Innisfree.

After a short address from Mr. Ross, in which he expressed his regret at having to sever his connection with the Innisfree branch, and thanking those present for the honor they had bestowed upon him; a large number of these present gave short addresses, expressing their appreciation of Mr. Ross' services and the efficient manner in which he has conducted the office of the bank here. Although there were only a few farmers present, they dwelt in particular on the courteous manner in which Mr. Ross always met the members of the farming profession. The remainder of the evening was then spent by having a jolly good time.

Although Mr. Ross has only been in Innisfree a little over a year, he has always taken an active part in all measures that have been brought forth for the advancement of the town, and one and all feel that in losing him the town has lost a valuable friend but wish him every success in the future.

Mr. Ross is the first permanent manager of the branch here, and under his able direction the bank is prospering and a large business comparing favorably with many towns with a much larger population. Mr. Ross' successor, Mr. E. J. Mathews, needs no introduction to the people of Innisfree, having been here quite often when this place has been working from the Vegreville branch.

HAMILTON IN GRIP OF RAGING BLIZZARD

Light and Power Plants are Put Out of Commission—Thousands of Men Out of Work

Hamilton, Feb. 16.—This city is again powerless and work in all departments of industrial activity is at a standstill. Thousands of men have been thrown out of work. The street cars were stopped about ten o'clock this morning and the doubtful news given out that they will not be run again until the snowstorm, which is raging today, has ceased. To make matters worse for the street railway company, the two sweepers cannot be run and the line was rapidly filling up with snow at noon.

It is expected that there will be no cars until Saturday. The Dominion Power and Transmission Company, officials say they are at a loss to understand the cause of the trouble. They have had experts from Pittsburgh here examining the whole system and it is understood that they have found the internal machinery of the plant at the Decew Falls has been badly burned by current.

EXPRESS GOES IN DITCH

Three Persons Are Seriously Injured—Train Is Hurled to Edge of River

Wenatchee, Wash., Feb. 16.—Several persons were injured, three of them seriously, when a Great Northern train, east bound, went into the ditch last night fifteen miles west of Wenatchee. The most seriously injured are Chas. J. Tesler, head brakeman, skull fractured; D. K. Webster, mail clerk; Corwin Wilson, mail clerk. The entire train was almost hurled into the waters of the Columbia River. Some of the cars were thrown off the embankment a distance of 100 feet and within fifty feet of the edge of the water. The passengers were brought to Wenatchee last night.

FORMER STATE SENATOR ON TRIAL

New York, Feb. 16.—Frank J. Gardner, the former member of the New York State senate who was indicted last fall on a charge of bribery arising out of the efforts to defeat the anti-race track betting bill at Albany, was placed on trial in the supreme court here today. Gardner, who was a senator from Brooklyn, was indicted on the testimony of Assistant District Attorney Robert H. Elder of Schoharie County, who swore that Congressman Otto G. Foelker, while a state senator, was approached by Gardner and offered money if he would vote against the bill.

FAIR AT SACRAMENTO

Sacramento, Cal., Feb. 16.—A week of unusual interest and activity for the citrus fruit growers, commission men and dealers of California began here today with the opening of a great citrus fair, for which preparations have been making for several months. In connection with the fair there is an attractive exhibition showing all branches of the fruit-growing industry. The Western Fruit Growers' Association and the national organizations of commission merchants and apple shippers will hold meetings during the week.

ARIZONA KNIGHTS TEMPLAR

Tucson, Ariz., Feb. 16.—Knights Templar from all parts of Arizona took possession of Tucson today in anticipation of the annual grand lodge convention, which begins a two-day session tomorrow. Preceding the grand lodge meeting there was a special convocation of the grand commandery today to take action on the proposed revision of the grand commandery statutes.

Hudson's Bay Company DAILY STORE NEWS

The Store is getting more attractive and interesting every day. New Spring Goods are continually arriving. It would be well worth your while to drop in and see what we have to show.

HUDSON'S BAY COMPANY The Great Traders of the Great West INCORPORATED A.D. 1070

JASPER AVENUE AND THIRD STREET

IMMIGRATION OFFICERS FAIL TO FIND LEMEVE

Runned She Is En Route to Canadian Northwest to Meet Prospective Husband.

Halifax, Feb. 16.—Thorough search of the steamer Royal Edward which arrived yesterday from Bristol, England, failed to disclose any trace of Ethel Clare Lemeve. It had been reported that a young woman resembling Miss Lemeve had boarded the steamer at Bristol and was bound for the Canadian Northwest to meet a prospective husband.

Although the young woman was not among the passengers, more than 100 prospective brides came from Scotland and England and Ireland. All were bound for the Canadian Northwest. They were in charge of a matron appointed by the steamship company, who accompanied them as far as Toronto, where special representatives will accompany them further west. Most of them will settle in the vicinity of Regina.

SECTION MEN INJURED.

Winnipeg, Feb. 16.—The C. P. R. train on the Stonewall branch in a dense fog ran into a hand car, seriously injuring two section men, both Gallians, who suffered severe fractures and internal injuries, lying in a precarious condition in the general hospital here.

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Revell's "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Revell's "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to unhealthily fall out or if you have any scalp trouble, Revell's "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness. Our faith in Revell's "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee: that, your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50c. and \$1.00. Sold only at our store—The Revell Store—A. Ardubald.

KANSAS TO HAVE AUTOMOBILE SHOW

Kansas City, Mo., Feb. 16.—Stores of automobile dealers and prospective buyers from points throughout Kansas, Missouri, Nebraska, Oklahoma and Texas, are in the city to attend the annual exhibition of the Kansas City Motor Car Trade Association. The show opened in Convention Hall today and will continue until the end of the week. All the leading American motor car manufacturers and several of the prominent foreign makers are represented at the show.

STILL PAYING DIVIDENDS.

Chicago, Ill., Feb. 16.—Stockholders of the Pullman Palace Car company today received the usual quarterly dividend of \$2 a share on their holdings. Though it is said that the forced reduction in Pullman berths just put in effect will lessen the company's earnings by several million dollars a year it is not expected that the annual \$2 dividend rate will be affected. The company anticipates that the increased business will eventually more than make up for the reduction in price.

Shiloh's Cure

Shiloh's Cure quickly stops coughs, cures colds, heats the throat and lungs. . . . 21 cents

THE DAILY CAPITAL

WM. MACADAMS EDITOR
HENRY J. ROOHE MANAGEROffice of publication—37 HOWARD AVENUE, EDMONTON. Editorial Phone 2332
Business Phone 4411

SUBSCRIPTION RATES:

DAILY, delivered by carrier in city \$4.00
By mail to outside points, by year \$4.00

The Daily Capital is on sale regularly at the following news-stands: Alberta Hotel, Cecil Hotel, Castle Hotel, King Edward Hotel, Windsor Hotel, Dominion Cigar Store, Central Cigar Store, Douglas Bookstore, Little's Bookstore, A. C. Smith's, First Street, CALGARY—Alberta Hotel, STRATFORD—Stratford Investment Company.

Readers of the Capital are requested to favor the management by reporting any irregularities in delivery.

With bitterness the business men of the city of Edmonton are realizing that the Capital spoke by the book when it was predicted in this paper last winter that the City of Edmonton was about to be robbed of the northern trade by the legislation which proposed to abandon the northern road.

When the railway question was before the legislature the Capital pointed out that if Premier Sifton's policy of abandoning the northern road were persisted in the result would be that the Canadian Northern would push its Battleford branch into Fort McMurray and the trade of the northern country would not only be lost to Edmonton, but to the whole of Alberta.

Premier Sifton got a majority of the legislature to support him and his policy was accepted by the house. The money which was raised to build a railway from Edmonton to Fort McMurray became the subject of litigation with the intention, if it was recovered, to turn it to other purposes. The railway to the north was abandoned.

In this western country things move rapidly. It is only a matter of three months since the vote was recorded in the legislature which abandoned the northern road. Since that time the construction plans of the Canadian Northern have become known. One of the principal items on the programme for the coming summer is one hundred miles of road to be built out of Battleford toward McMurray. Already this line has been graded for fifty miles. Before the legislature meets again the Battleford branch will be so far advanced that no human agency could prevent it reaching Fort McMurray ahead of any road which might be started from Edmonton.

With this branch completed the trade of the whole north country will route via Battleford, Winnipeg and Eastern Canada, and Edmonton will not only fail to get the enormous business which will result from the development of the country contiguous to the great water systems of the north, but it will lose the little business with that country which it has built up through years of patient toil and perseverance.

Edmonton was traduced and her interests betrayed by the action which diverted to other purposes the money intended for the construction of a road to the north. As the test of time gives a focus to the proceedings the whole thing looks more and more like a conspiracy in which the business men of Edmonton were the victims. To them the loss is permanent, irremediable and complete. The ballot box may furnish an opportunity for revenge, but there can be no restitution. Edmonton has already lost its chance for this trade as completely as though such a chance never existed.

It may be all right, but it seems a strange co-incidence that the man who was selected as street railway superintendent to fill the situation left vacant by the superintendent

LONG CHANCES whom Commissioner Bouillon discharged, OR EXCEPTIONAL had already two previous applications in GOOD LUCK for positions in the city's service.

Once the man applied for position as accountant in the street railway department, and once as master mechanic at the car barns. It has not been shown that he ever handled a street railway.

On the general principle that a man with the necessary experience and ability to handle a million dollar enterprise like the Edmonton radial system is scarcely likely to be looking for a situation as clerk or mechanic, it looks as though Commissioner Bouillon has had exceptional luck in finding a man or else he has taken some long chances with a branch of the city's business which is too expensive a toy for experimenting with.

There is being held in Winnipeg this week a meeting of the National Builders' Association at which there are in attendance delegates from every city of importance in the Canadian west.

ATTITUDE OF THE NATIONAL ASSOCIATION In view of the fact that the building of the cities of Edmonton, Calgary, Lethbridge, Regina, Vancouver and Victoria aggregated close to thirty million dollars last year and that it promises to exceed this figure this year, it is evident that the meeting is important.

The question which most vitally affects the cities of the west is the attitude which this association assumes toward organized labor. In the declaration made by the Edmonton branch of the National Association the labor organizations are invited to work under open shop conditions or fight.

The labor unions, in their reply, have intimated that they do not intend to do anything precipitate, and it is evident that if the Winnipeg meeting decides for a more conciliatory attitude the labor organizations will be willing to meet them more than half way.

If the convention in Winnipeg forces on the organization of Edmonton the strictest interpretation of the open shop declaration made last week the inevitable result will be a conflict in the middle of the building season at a time when it will do the city the greatest injury.

The outcome of the Winnipeg meeting is of the most intense interest in Edmonton.

JUST PARAGRAPHS

Every one has now been heard on the tariff question except Theodore Roosevelt and he is as mum as an Oyster in the Bay.

Speaking about advertising our natural resources, what is the matter with a reciprocity deal as a medium? Canada undertakes to cancel a couple of million dollars worth of duties and gets about seven million dollars worth of space in United States papers. So far we are ahead of the game.

"THIS DATE IN HISTORY"

February 16.

1608—Sir Edward Hyde, Earl of Clarendon, who became prime minister of England, born. Died in 1674.

1656—Spain declared war against England.

1729—Edward Shippen, distinguished jurist and father-in-law of Benedict Arnold, born in Philadelphia. Died there April 16, 1806.

1810—Gushing Eells, a pioneer missionary and educator in the Northwest, born in Stamford, Mass. Died in Tacoma, Wash., Feb. 16, 1893.

1812—Henry Wilson, eighteenth Vice-President of the U.S., born in Farmington, N.H. Died in Washington, D.C., Nov. 22, 1875.

1853—One hundred and forty persons drowned or burnt to death in the wreck of the ship Independence off the coast of Lower California.

1862—Fort Donelson surrendered to the Union forces.

1875—Old Hancock Elm, on Boston Common, blown down by a storm.

1878—United States Senate passed the Brand Silver Bill.

1882—New parliament buildings in Fredericton, N.H., opened.

1899—François Felix Faure, president of France, died. Born Jan. 31, 1811.

"THIS IS MY BIRTHDAY"

Frederick White.

Lieut. Col. Frederick White, Commissioner of the North-West Territories of Canada, and for many years Controller of the North-West Mounted Police, was born in Birmingham, England, Feb. 16, 1847, and received his education in his native city. As a young man he emigrated to Canada and was first employed in railway work in Montreal. In 1869 he removed to Ottawa, where he was appointed to a clerkship in the Department of Justice. In this position he was entrusted with administrative work in connection with the raising of the Royal North-West Mounted Police, of which organization he was made chief clerk in 1875 and controller a short time later. From 1880 to 1882 he served as private secretary to Sir John A. Macdonald. In 1901 he was awarded the rank of lieutenant-colonel in the militia in recognition of his services in connection with the raising and equipment of the Canadian troops for the war in South Africa. In 1905 Lieut. Col. White was appointed Commissioner of the North-West Territories.

LOCAL IMPROVEMENT

(Toronto Telegram)

Montreal is to spend \$1,000,000 on new pavements, thus making that city look less like a place that is pined with good intentions.

THE OTTAWA HEAVEN

(Calgary Albertan)

When we get our new governor-general installed in office, and he has a family party and invites his nephews and nieces to Rideau Hall, he will have with him the king of England, the emperor of Germany, the czar, the queen of Spain, and a host of other dignitaries of all descriptions from all the better countries of Europe, and a party such as that at what Ottawa people generally would regard as heaven.

ANNOUNCEMENT

We beg to announce that the Moser and Ryder Block, No. 651 First Street, is now open to the public. The whole of the basement and a number of offices and rooms are to let. Hot and cold running water in all offices and rooms, magnificently appointed lavatories. The apartments, with rooms single or en suite, were specially designed for down-town business men and are the most up-to-date in Western Canada.

The building will shortly be equipped with the A. & P. Steven passenger elevator.

You are Cordially Invited to Call and Inspect the Premises.

Very Respectfully,

MOSER & RYDER

Phone 1582

McTAVISH-MACKENZIE

A very pretty wedding took place at the home of Mr. John MacKenzie, 446 Eighth street, last evening, when his sister, Miss Elizabeth MacKenzie, was married to Mr. John Craig McTavish, Principal of the Grand Trunk Business college of this city.

The ceremony was performed by Rev. Dr. McQueen in the presence of the relatives of the bride, and a few intimate friends. The bride was handsomely gowned in cream duchesse satin with Brussels lace and seed-pearl embroidery, and carried a shower bouquet of roses and lilies of the valley. Little Miss Helen McQueen, daintily frocked in cream silk acted as flower girl, while Master Kenneth MacKenzie performed the duty of ring-bearer. The groom's gift to the bride was a sun-burst of pearls, to the flower girl a crescent brooch, and to the ring-bearer, a signet ring.

Among the many gifts received by the bride was a handsome silver tea-service from the students of the Grand Trunk Business college.

After a sumptuous repast was partaken of, the happy couple repaired to their new home on Victoria Avenue.

SIGNALLING SCHOOL.

Opened Last Evening at Fortifiers Armory—Thirty Students in Attendance.

The first garrison signalling school to be held in Edmonton opened last evening in the armories of the 401st Fusiliers, and was attended by about 30 students. The students include men from the 101st, the 19th Dragoons, and boy scouts and the boys brigades.

The instructors, Capt. Bell, of the Strathcona Horse, Winnipeg, and Seret, Marsden of Winnipeg, reached the city on Tuesday. They are to continue the school for six weeks, which will be the most important military school of instruction yet held in the city. The signalling branch of the military work has been given considerable attention in the past year by the local garrison, and it is the intention to reach as high a state of efficiency in this particular line of work as possible. The instructions during the six week's course, will be in the Morse and flag, heliograph, lamp for night work, semaphore, etc., and will include a complete course in signalling. The two officers from Winnipeg, are known to be of high standing in this line of work.

Y. W. C. A. LECTURE.

Mrs. Broadus gives the first of her series of lectures on the "Gospel-Mission" of Tennessee's Idylls of the King, at the Y.W.C.A. parlors on Third street on Friday evening, February 17th, at 8 p.m. The particular subject being "Arthur and Leannelet," "The War of Sense and Soul."

Shiloh's Cure
genuinely restores complexion, cures colds, breaks the shiver and fever. 25 cents.

SATURDAY CONCERT.

Given Under the Auspices of Edmonton Musical Club in Separate School Hall.

Following is the programme of the open concert to be given on Saturday afternoon in the Separate school hall by the Edmonton Musical Club. An entrance fee of twenty-five cents will be charged those attending who are not members of the club.

Pianoforte solo, (a) A Shepherd's Tale (New); (b), In the Woods—McDonnell, Miss Beatrice Crawford.

Vocal solo—A dream, Bartlett, Mr. Pinckston.

Chorus—Behind the Lattice, Chadwick, Ladies of the Musical club.

Vocal solo—Song of Hyde the Cretan, Elliot, Mr. Salton.

Pianoforte solo—Tremolo, Gottschalk, Miss Haight.

Vocal solo—(a), Still Unexpressed, Carrie Jacobs Bond; (b) Nightingale's Song, Nevin; (c), The Hour has come to Part, Edward Bromberg, Miss Webster.

Violin solo—Selected, Mr. Mortimer Johnson.

Song—Selected, Mr. Jones.

Chorus—Oh, Canada, Lavalee, Ladies of the Musical club.

PENMANSHIP DIPLOMAS.

The classes in writing in the Alberta Business College are maintaining the reputation of that institution as a successful school of "Practical" Penmanship. Specimens of regular penmanship by Elsie Brown, Gertrude Kias and Herbert Gilpin recently forwarded to the Business Journal of New York City have secured for each of these students a special diploma for excellence in this important study. Thirty-eight students instructed by Mr. David Elston, penman and principal of the shorthand department of the college, now hold diplomas from the Journal which is the leading exponent of the writer published on this continent.

THE WEATHER.

Winnipeg, Feb. 15.—The weather generally in the prairie provinces has been moderately cold during the day except in eastern Manitoba, where it was mild, but temperature fell to several degrees below zero in Saskatchewan, and to zero in eastern Manitoba during the night.

Forecast—All west fair and moderately cold today and on Friday.

REAL ESTATE BULLETIN

The demand today is much the same as yesterday, and in the same localities.

The milder weather is drawing out the house-hunters and a number of residences are likely to change hands in the near future.

If you anticipate securing a more suitable house this spring we advise buying as early as possible, there being some good things in this line in the market at the present time, which will be picked up quickly when the heavier demand begins.

ALBERTA PARK

We are not likely to have much finer weather this winter than that which we are enjoying at present and as the above suburb is only a mile west of the city limits, on Alberta Avenue, the trip there and back is only a pleasant outing, to which we shall be pleased to treat you at any time you may intimate your ability to invite.

NEWS OF THE CITY

Mrs. Ella M. Wright, 622 Thirteenth street will not receive this month.

G. D. Fleming left for New York today. He sails for Kiskadee, Jynona, Ireland, February 22.

Rev. Mr. Goulter will preach at the special service in the Salvation Army barracks tonight.

The Passion Play pictures will be reproduced this evening at Westminster Presbyterian church, Queen's Avenue.

The ladies of Grace Methodist church are planning a trip through England, Ireland and Scotland and back to Canada, on runners. Particulars will be announced later.

On Saturday, February 18th, at half past two a meeting will be held in All Saints' schoolroom for the purpose of organizing a branch of the Woman's Art Association of Canada. All ladies interested in the promotion of art are cordially invited to attend.

Mrs. Broad gives the first of her series of lectures on the Source, Material of Tennyson's Idylls of the Kings, at the Y.W.A. Home on Third street on Friday evening, February 17th at 8 p.m., the particular subject being Arthur and Lancelot, "The War of the Rose and the Sun."

I. McDermott, accountant of the Molson's Bank in Diamond City has been transferred to their branch at Edmonton. Mr. McDermott's removal will be a loss to Diamond City, as he took an active part in the town's welfare as well as being the Honorable Consul of the Modern Woodmen of America.

A most enjoyable time was spent last evening at the social and dance given by the Edmonton Loyal Orange lodge 1794 at the Cameron hall. The proceedings started with a presentation to W. M. Leonard, a member of the lodge, of a set of carvers, as a token of esteem from his fellow members. The presentation was made by J. J. Denman on behalf of the lodge, to which Mr. Leonard replied with a few well chosen words suitable to the delicate occasion. Songs were rendered during the evening by Miss Pattison, Mr. Edwards and others, and selections were also given by the Bijou Orchestra, all of which were much appreciated. Dancing was kept up until the small hours of the morning.

SHOULD INSPECT CHILDREN'S TEETH

Work Should be Carried Out by Competent Dental Surgeon Says Medical Health Officer.

That dental inspection of school children can only be effectively carried out when the work is in the hands of a competent dental surgeon, and that sooner or later in the interests of public health and physical efficiency, steps should be taken to carry out such inspection, was the opinion expressed this morning by Dr. Whitelaw, medical officer of health, in conversation with the Capital. Dr. Whitelaw pointed out that it is difficult to make dental inspection effective when it is merely a portion of the work of the medical inspectors.

One problem which presents itself immediately on the appointment of an officer to attend to this feature of health inspection, was referred to by the health officer. Inspection should involve care as well, and the difficult matter would be to arrive at a satisfactory arrangement as to the manner of meeting the cost.

Dr. Whitelaw thought that some objection might be raised to making this a municipal charge, but expressed the opinion that whatever course was taken, the care of pupils' teeth should not be neglected. It was a matter of vital importance, bearing as it did, in the most intimate manner, on the health and moral of the community.

There is a possibility that the question may be taken up at the meeting of the school board this evening. P. E. Butchart, chairman of the board, expressed the opinion this morning that the cost of dental care of pupils' teeth should be borne by the parents, the city taking all steps within their power, to see that proper care was given. At the present time, Mr. Butchart stated, it was doubtful whether a special officer could be appointed for the purpose of dental inspection, but this was a desirable end. Even though the board had no power to enforce parents to follow the advice given by a professional man, it would have a good effect. Such an effect had already been apparent in connection with the recently adopted system of medical inspection of the schools.
